# The Entire Pool In Minutes Spot Clean In Seconds

Ordinary power for thorough clean-ups of virtually any kiddie/wading pools, spas, hot tubs and fountains. A great tool for above ground and inground pools, the powerful Aqua Droid D-Cell batteries providing up to 3 hours of cleaning time (batteries will last almost an entire season). No charging is required giving the ultimate convenience of use.

High-Flow pump tackles the largest of messes in any pool, lightweight, cordless Catfish is very convenient to use and its compact design fits all the dirt so more fits in the Filter Bag.

Cleaning with its Super-High Flow pump located in the handle is longer since the bag holds more dirt and debris, tackling the pool. The most effective way there is to clean a pool so hands do not touch the dirt. Pool Blaster MAX is all you need for convenience.

The Pool Blaster MAX CG cleaner for any residential or commercial pool uses an advanced pump and provides 33% more suction than the Pool Blaster MAX. The corner nozzle makes sure that every inch of the Pool Blaster MAX CG contains its own easy-to-clean, reusable, filter bag.
